Doors & Hardware

**BRINKS**  
HOME SECURITY™

Brink's Home Security Push Pull Rotate door locks are the easiest, most comfortable way to open a door. With just one finger, an elbow, or your hip, you can simply push or pull your way through a door. Great if you have your hands full or free!

**Highly Durable**

All Push-Pull-Rotate keyed products meet ANSI Grade 2 standards with heavy duty construction.

**Highly Secure**

All keyed products are pick and bump resistant, drill resistant, and are equipped with an anti-pry shield.

**Simple Installation**

Guaranteed to fit all standard doors and installs in minutes with a Phillips screwdriver.

**Lifetime Warranty**

All products have a lifetime warranty for defects in material or workmanship by Brink's Home Security

Knob keyway

Lever keyway

**PUSH it. PULL it. ROTATE it.**

*Pushing or pulling is easier than grasping or turning hardware, especially for arthritic hands*

### Why a PUSH PULL ROTATE door lock?

PUSH PULL ROTATE makes opening doors easier. The line is ideal for today's busy homeowners who seem to always have their hands full. Whether carrying the baby, laundry, groceries, briefcase, food for the barbecue, greasy rags from the garage, tools for the garden... there are many possible usage scenarios.

### Craftsmanship

All PUSH PULL ROTATE products feature durable, all-metal construction and are built on cylindrical chassis. Hidden screws provide enhanced appearance. They are ADA-compliant and come with a lifetime warranty. Installation is quick and easy, and requires only a Phillips screwdriver.
